

EXEP

Multi-stakeholder Expert Group on eProcurement

Objectives of EXEP

- Assist and advise MS and the COM in implementing the provisions of the PP Directives relating to eProc
- Contribute to monitoring the uptake of eProcurement, share best practices and follow new developments. It will also help addressing interoperability issues
- EXEP will liaise closely with the eInvoicing Forum (EMSFEI) and with national forums. In that regard it will be responsible for ensuring the coherence between the recommendations arising from the EMSFEI and broader policies on end-to-end eProcurement

Deliverables

- Provide hands-on practices which help to...
 - ... implement the eProc aspects of the Directive
 - Example: How should we deal with eSignature?
 - ... ensure a governance of the process within the MS
 - Example: How to setup a national task force?
 - ... discuss IT related issues
 - Example: How to submit a tender online?

To achieve this we will use/have ...
